## Canfor Restructures Shifts at Four Mills

November 28, 2007 – Vancouver, B.C. – Canfor Corporation (TSX:CFP) announced today that due to the continued poor lumber markets and high Canadian dollar, it will be moving from three shifts to two for an indefinite period of time at its Rustad, Clear Lake, Polar, and Mackenzie sawmills effective the last working day prior to Canfor's company-wide holiday curtailment. This decision represents approximately 355 million board feet of annual lumber production and will impact approximately 300 employees who will be indefinitely laid off.

The restructured shift schedule will not impact Canfor's ability to meet its customer and chip supply commitments.
