

## HOW TO PREPARE FOR AN INTERVIEW

Not everyone is an interview expert. That's why we provide our candidates with an opportunity to prepare in advance. We want to ensure that you feel confident putting your best foot forward and telling us why you would make you a great fit for Canfor.

### Interview Questions

- Review and prepare answers and examples to common interview questions - in some cases, you may be provided the questions in advance
- Be thoughtful and honest with your examples

### Read the Job Description

- Compare your skills and qualifications to the job requirements
- Ensure you understand the roles and responsibilities of the position you are applying

### Research the Company

- Visit Canfor's website and read about the different areas of the business
- Look at Canfor's Values and determine if they align with your own

### What to Bring

- A copy of your current resume
- A copy of your certifications
- Questions and notes about the Company or the role

### What to Remember

- Be organized – Ensure your notes are easy to read and reference
- Know your answers – Practice saying your answers out loud to yourself or to a friend
