The presentation and answers to questions today contain forward-looking statements which involve known and unknown risks, uncertainties and other factors that may cause actual results to be materially different from any future results, performance or achievements expressed or implied by such statements. Factors that could have a material impact on any future oriented statements made herein include, but are not limited to: general economic, market and business conditions, product selling prices, raw material and operating costs, foreign exchange rates, interest rates, changes in law and public policy, the outcome of trade disputes, and opportunities available to or pursued by the Company.

For further details on these factors and our assumptions and applicable risks and uncertainties, please refer to Canfor Corporation’s Annual Report for the year ended December 31, 2016 available at www.canfor.com or www.sedar.com.
